Plot Shahid Khan (Rahul Bose) is a well-off middle-class family man who is brought up as a dutiful son to his business tycoon father, Zafar Khan (Rahul Kumar). His mother, Sunita (Manjima Mohan), is a live-in cook for Zafar's business partner, Professor Premchand Dubey (Sadashiv Amrapurkar), who is a friend of Zafar's. Zafar is initially reluctant to meet Shahid, but comes to accept him once he sees how protective his parents are of him. Shahid is completely devoid of a social life, and remains an outsider in the whole college. He has a crush on Riya (Sonam Kapoor), a beautiful student in his college. Riya likes him as well, but her parents are conservative and do not allow her to talk to a boy until she is 18. She keeps her contact with Shahid secret. Shahid, however, befriends Premchand Dubey's

daughter Payal (Shraddha Kapoor) and convinces her to date him, much to the chagrin of Riya. After many attempts, they finally manage to have a date. However, the next day, Shahid realises that he likes Payal very much, and he breaks up with Riya. As she is sad, he keeps his distance from her. The incident brings a change in Shahid's life. When Shahid is about to pass his 10th grade exam, his mother forces him to enter into college, where he fails badly. To spite him, Zafar invites Shahid for his engagement ceremony with the help of Professor Dubey, but Shahid stays away. After much persuasion, Zafar and Sunita accept that Shahid is right, and they get him enrolled in college. He passes his 10th grade exams, and wins the competition in the sports meet organized by the principal. After the competition, he meets Payal, who apologizes to him for having hurt him. He promises to become her friend, and the two end up as a couple. After a year, the newly married couple gets a call 82157476af
